Job Application for Sr. Backend Engineer

Dear Mr./Ms./Dr. LastName,

Cover Letter ——————————————————————————————

Hello, my name is Sean. Recently, I learned that your company is recruiting people from the Internet. I hope to have the opportunity to participate in the interview. Thank you!

4 years experience specializing in the fullstack development, infrastructure. Enjoys to customize all of the development environment. Interested in desinging a better problem-solving method for challenging tasks, and learning new technologies and tools if the need arises.

I have attached my resume for your review. Please do not hesitate to contact me if you have any questions. I will be available to meet with you for an interview any time during the week. Thank you for your time and consideration. I would like to talk with you in the near future.
